Get Chartered AI — APC Preparation for Your Graduate Cohort

- **Download PDF** Get Chartered AI RICS APC Preparation Platform For Employers & Training Managers The structured APC preparation platform for your graduate trainees. Built by Chartered Surveyors who understand what assessors are looking for. 12 structured modules, Michael, 60-minute mock interview across all 22 RICS pathways. Updated for 2026 RICS standards. Fully self-paced — designed for candidates working full-time. 12 Structured modules 130 Learning sections 22 RICS pathways covered 127+ APC-style quiz questions Why firms recommend it Structured preparation your trainees can trust All 11 mandatory competencies covered in depth — with assessor insights not found in RICS candidate guidance
- Self-paced — candidates study around site visits, client commitments and full-time work without missing live sessions
- Updated for all 2026 legislation — BSR, Renters Rights Act, RICS AI Standard, EPC methodology, capital allowances
- Counts toward the RICS 3-year rolling CPD requirement — candidates can log structured learning hours
- No firm-level administration required — candidates enrol and manage their own access

From module one to mock interview

- Structured lesson per module — competency levels, legislation, assessor insights, real examples
- Quiz per module — APC-style questions with answers revealed on completion
- Michael — unlimited coaching sessions available 24 hours a day
- Summary of Experience guidance — how to write the 1,500 and 4,000 word submissions
- Case study writing and APC diary guidance — built into Module 1
- Full 60-minute mock interview — technical questions drawn from their specific RICS pathway
- AI-scored readiness dashboard after each mock run

All plans count toward the RICS 3-year rolling CPD requirement. Candidates who do not pass their APC can credit the £197 Sprint fee against the full programme.
